# 1. Special terms and conditions for participation (2)

The fair organiser, TMS Messen-Kongresse-Ausstellungen GmbH, will be referred to as „TMS“ herein.

## 1.2 Value-added tax

All the prices quoted herein are net prices to which value-added tax at the statutory rate will be added.

## 1.3 Booth space rent

For net space rental rates, please refer to section 1.1. The minimum depth of the booth space totals three metres.

## 1.4 Surcharges for corner, peninsula and island stands

The space rent per square metre (refer to section 1.1) shall be increased by the following percentages:

15% for a corner stand (2 sides open) measuring 12 sqm. and more,  
25% for a peninsula stand (3 sides open) measuring 32 sqm. and more,  
35% for an island stand (4 sides open) measuring 48 sqm. and more.

## 1.5 Package offers

B-packages are inclusive of the following items:

- Space rent
- Organisation and handling of stand erection
- Partition walls, white
- One panel with lettering per open side, with a maximum of 22 characters (Leipzig: 20 characters)
- Carpet floor
- Clothes rack
- Spots on a light fixture rail (one spot per 3 sqm.)

A-packages include the following items in addition to those of the B-packages:

- 1 cabin with lock, 1 sqm.  
(2 sqm. for booths measuring 18 sqm. and more)
- 1 table, 4 chairs
- 1 information desk per open side
- 1 bar stool per open side
- 1 brochure rack
- 1 waste-paper basket

**All the packages offered in Leipzig shall additionally include the following items: catalogue basic package (refer to section 4), 1 power connection and power consumption 2 kW (3 kW for booth measuring 20 sqm. and more), exhibitor ID cards.**

The minimum booth depth shall total three metres.

## 1.6 Technical fee

A technical fee shall be charged for each booth (except Leipzig). Costs refer to section 1.1. The technical fee shall include the following items:

- Provision of an AC connection, up to 230 V, 3 kW, as well as power consumption
- Waste disposal (except special waste)
- Entry in the fair catalogue (refer to section 4)
- Exhibitor ID cards (refer to section 3)
- 1 vehicle parking ticket
- 1 press box

## 1.7 Service

(1) The following items shall be included in all rents:

- General hall lighting
- Heating/ventilation of the halls
- General security services for fair halls and buildings (security services for booths not included!)
- General hall cleaning (booth cleaning not included!)
- First-aid service during the event

(2) Partition walls shall not be included in the space rent. Partition walls shall be ordered and paid separately by the exhibitor. The necessary form is included in the exhibitor service folder for the respective event.

(3) Exhibitors can use the appropriate order forms (in the exhibitor service folder) for ordering additional services for their booths from TMS. The service folder shall be sent to the exhibitor in due course prior to the commencement of the event. The exhibitor shall pay any costs related to rent and/ or installation and consumption for services ordered by him.

(4) Lessors of material and installation companies commissioned through TMS and with TMS's consent shall be entitled to charge the exhibitor directly for their services on the basis of the standard recommended rates communicated by TMS.

## 1.8 Early registration discount

Exhibitors who register by the relevant early registration deadline (for the events stated in section 1.1) shall be entitled to a one-off early registration discount of 5% of the space rent (including surcharges according to section 1.4) or package price, respectively. As a condition for this, the exhibitor must have paid the down payment to TMS on or before the deadline for the early registration discount and in no case later than on or before the due date of the respective invoice.

## 1.9 Quantity discount

Exhibitors who register for more than one of the events stated in section 1.1 (except Tourism & Caravaning International Leipzig) during one calendar year shall be entitled to a 3% discount for each additional event on the space rent (including surcharges according to section 1.4) or package price, respectively, for the respective fair. The quantity discount shall only be granted on registrations received on or before the official registration deadline.

## 1.10 Regular customer price

Exhibitors taking part in any TMS tourism fair who register during the fair for the following fair will be given the square- metre price or package price charged during the current event.

## 1.11 Late registration surcharge

Exhibitors who register for Rhein-Neckar-Pfalz Travel Market, Chemnitz Travel Market and Dresden Travel Market after the registration deadline (refer to section 1.1) shall pay a 3% surcharge on all prices stated in section 1.1.

## 1.12 AUMA fee

A fee of EUR 0.30 + 19% VAT per sqm. of calculated space (EUR 0.15 + 19% VAT in the case of open-air space) shall be charged for Tourism & Caravaning International Leipzig and Dresden Travel Market as an additional item of the final invoice for the Ausstellungs- und Messe-Ausschuss der Deutschen Wirtschaft e.V. (AUMA) [Exhibition and Trade Show Committee of the German Industry].

# 1. Special terms and conditions for participation (3)

## 2. Restaurant operations at the booth

Restaurant operations are generally not permitted at booths. In exceptional cases, the sale of typical national specialties with an aesthetic style of presentation shall be permitted after TMS's prior approval in writing.

## 3. Exhibitor ID cards

The exhibitor shall be entitled to receive 3 exhibitor ID cards for booths with a rented space of up to 20 sqm., plus 1 more exhibitor ID card (up to a maximum of 15 ID cards) for every additional 10 sqm. of booth space. Additional exhibitor ID cards can be ordered from TMS at a price of EUR 15.00 (incl. 19% VAT) or EUR 27.00 (incl. 19% VAT) for Leipzig, respectively. Exhibitor ID cards shall only be valid during the event and during the erection and dismantling time.

## 4. Catalogue entry

The entry in the fair catalogue shall form part of the registration. The exhibitor shall be obliged to book a catalogue basic package. The costs of such basic package shall be included in the technical fee (refer to section 1.6), except Tourism & Caravaning International Leipzig. The basic package shall consist of 1 six-line basic entry in the alphabetical index (exhibitor's name, address, telephone, fax, e-mail, internet, hall and booth number), 1 three-line entry (exhibitor's name, address, internet and booth number) in the index of branches/ index of destinations and 1 single-line entry (exhibitor's name, internet and booth number) in the online exhibitor index. The costs for the catalogue basic package shall total EUR 139.00 plus value-added tax (except packages including basic entry) for Tourism & Caravaning International Leipzig. Co-exhibitors shall not be automatically included in the fair catalogue for all the fairs. Co-exhibitors can, however, order entries which shall be paid separately. Official producer of the catalogue is the company BIX GmbH in Dresden.

## 5. Booth construction and design

Exhibitors who are themselves responsible for the erection of their booths shall be obliged to lay carpets and to erect partition walls. No double-sided carpet tapes other than those that can be removed without any residues shall be permitted. TMS shall be entitled to charge the costs for the removal of carpets and/or residues of adhesive tape to the exhibitor. In the interest of an aesthetic overall appearance of the fair, every exhibitor shall be responsible for ensuring that his booth features an attractive and non-uniform design. Otherwise, the hall operator's technical guidelines shall apply.

## 6. Miscellaneous provisions

In the event that the exhibitor displays large exhibits (busses, boats, etc.) in the halls, TMS shall be entitled to oblige the exhibitor to position such exhibits on the designated booth space already on the first day of erection.

TMS shall in due course notify the exhibitors in circulars on details of the events, additional advertising possibilities, technical details, etc.

**These „Special terms and conditions for participation“ (dated 01 February 2010 version) shall only be valid in conjunction with the „General terms and conditions for participation“ of TMS in their version dated 31 January 2005.**

# General terms and conditions for participation

## 1. Organiser

TMS Messen-Kongresse-Ausstellungen GmbH, Dresden (hereinafter referred to as TMS) is organizer of the events referred to in section 1.1 of the "Special terms and conditions for participation".

## 2. Definitions

Exhibitors for the purposes of these terms and conditions for participation shall be legal entities or companies under whose name the binding registration is made and who are accepted by TMS as exhibitors.

## 3. Registration/entering into agreement

### 3.1 Registration

(1) Registration shall be made on the special registration form issued for each exhibition/fair. This form shall be completed, signed by an authorised signatory and sent to TMS by the registration date stated (refer to registration form and "Special terms and conditions for participation").

(2) The submission of the registration form shall not constitute any claim for acceptance. The return of the completed and signed registration to TMS shall be understood as a contractual offer by the exhibitor which shall remain binding for the exhibitor for up to 4 weeks following receipt at TMS and which shall be subject to acceptance by TMS.

(3) With the registration, the exhibitor accepts the General terms and conditions and the Special terms and conditions of the respective exhibition/fair, the valid prices, as well as the technical guidelines of the respective hall operators (refer to "Special terms and conditions", section 1). Any one-side reservations or conditions in conjunction with the registration shall not be accepted.

(4) The exhibitor and/or applicant shall be liable for the consequences resulting from the imprecise, incomplete or incorrect completion of the registration form.

(5) The exhibitor shall be responsible for ensuring that persons employed by him at the fair, as well as his agents/co-exhibitors adhere to the terms and conditions and guidelines of TMS and of the hall operator.

(6) For the purpose of processing the registration, the applicant's details shall be stored, evaluated and, when necessary, passed on to third parties for the purpose of performing the contract. The exhibitor hereby grants his approval for this procedure.

### 3.2 Entering into agreement

(1) The agreement shall come into effect on acceptance on the part of TMS of the booth registration form completed by the exhibitor. The exhibitor hereby waives receipt of a statement of acceptance.

(2) TMS shall be entitled to exclude individual exhibitors and/or co-exhibitors from participating in the event with fair and justified reason.

(3) TMS shall decide on approval or the exclusion of an exhibitor and the objects registered for the fair/exhibition, if necessary, in co-operation with the respective committees.

(4) Given fair and justified reason, TMS shall be entitled to exclude individual exhibitors or suppliers from participating, particularly in the event of insufficient space. TMS shall be further entitled to restrict the event to certain exhibitor or supplier groups if such restriction serves the purpose of the event. Furthermore, TMS shall be entitled to restrict the exhibits registered or to change the space registered. Approval shall only be valid for the exhibits registered in the booth registration, for the space stated in such registration and for the exhibitor registered therein.

(5) The exhibitor must have unrestricted possession of the registered exhibits and must be in possession of any official operating licenses which may be required. Descriptions and brochures of the objects to be exhibited and/or the services to be presented must be furnished on request.

(6) Acceptance of the booth registration (refer to section 3.2 (1)) shall render the exhibitor as approved. In the event that the exhibitor is not approved, TMS shall notify the exhibitor of such decision immediately.

### 3.3 Rents and costs

Refer to "Special terms and conditions for participation".

### 3.4 Payment terms

(1) The deadlines for payment stated in the registration form and in the invoice shall be adhered to under all circumstances. Taking possession of the exhibition space and the issuing of exhibitor ID cards are contingent upon the full payment of the invoice amounts in advance. Any deviation from the aforesaid shall not be considered as a respite.

(2) At the time of entering into an agreement (section 3.2), an advance payment of 20 % of the foreseeable space rent shall become due. Payment of the remaining amount shall be effected 14 days following acceptance and issuing of the invoice.

(3) In the event that the applicant/exhibitor is in default with his obligations, TMS reserves the right to terminate the agreement following the granting of a reasonable extension period taking the circumstances and the time remaining before the exhibition or fair begins into consideration.

(4) It is requested that all payments bear the invoice, customer and booth number.

(5) In the event of delayed settlement of the invoice, interest on arrears totalling 5 % p.a. above the base lending rate, and, in the event that the exhibitor is not a consumer as defined by law, 8 % above the base lending rate.

(6) Any bank charges for international money transfers or cheques shall be paid by the exhibitor.

(7) In the case of registration forms or orders which are received by TMS later than six weeks before the event commences, TMS reserves the right to demand prepayment.

(8) Invoices for any ancillary costs shall be issued immediately after conclusion of the event. Such invoices shall be payable immediately.

(9) Claims against TMS shall not be assigned. Claims shall only be set off against undisputed or unappealable counterclaims.

(10) Complaints related to the invoice shall only be acknowledged when such complaints are submitted to TMS in writing within 14 days following the date of issue.

(11) As security for its claims, TMS reserves the right to exercise a lessor's lien, to withhold the exhibition objects and/or the booth equipment and to have such objects publicly auctioned at the expense of the exhibitor or to sell such objects at TMS's own discretion following written announcement of such sale. The legal requirements governing enforcement of a lien shall be waived to the extent permitted by law. Liability for damage to the property pledged shall only be assumed within the scope of section 6.

(12) In the event that the exhibitor requests changes in deviation to the registration resulting in a modification of the invoice, TMS shall be entitled to charge a fee of EUR 30.00 plus VAT at the statutory rate.

### 3.5 Co-exhibitors / companies additionally represented

(1) Without the approval of TMS, the exhibitor shall not be entitled to sub-rent or pass on in any other way the booth assigned to him or to advertise for unannounced companies.

(2) The use of booth space by other companies, be it that these companies appear with their own staff (co-exhibitors) or only in the form of their own products or information material (additionally represented companies), shall be subject to approval by TMS. The exhibitor shall register the companies in the registration form. Such companies shall then be seen as co-exhibitors when such co-exhibitors maintain close business and organizational ties with the main exhibitor. Approval shall be deemed to be granted when no rejection is explicitly issued.

(3) In the case of any violation of the foregoing provisions, TMS shall be entitled to demand that the tenant either does not take possession or clears the booth space or that the tenant pay an additional 50% of the booth rent.

### 3.6 Catalogue entry

Refer to section 4 of the "Special terms and conditions for participation".

### 3.7 Exhibits

(1) Only as-new exhibits may be exhibited that were registered in the booth registration and that belong to the range of products for the industry on show at the fair (refer to the categories list on the registration form). TMS shall be notified of any change that may occur later.

(2) The exhibitor shall be obliged to inform TMS or the hall operator within the scope of the application for a booth permit of the technical specifications of the individual exhibits, as well as of the dimension and weights thereof. The costs for any services needed to transport the exhibits on the fair grounds shall be paid by the exhibitor.

(3) TMS shall be entitled to demand that exhibition goods be removed which were not listed in the booth registration or which prove to constitute an annoyance or risk, or which are not in line with the aim of the event. In the event that the exhibitor fails to do so, TMS shall remove the exhibition goods at the expense of the exhibitor.

(4) In as far as the direct sale of exhibits is permitted by TMS from case to case (refer to section 4.2) and the required official approvals and documents are available (refer to section 4.6), the exhibition goods shall be provided with clearly legible price labels.

(5) The exhibitors shall secure any copyright and other intellectual property rights related to the exhibition goods.

### 3.8 Booth assignment

(1) The booth shall be assigned by TMS on the basis of the agreement entered into. The decision shall be made with a view to organizational and event-related aspects. Any requests by the exhibitor for a specific space contained in the registration form shall be considered in as far as possible. The order in which registrations arrive shall not be solely responsible for determining the assignment of booths. The exchange of the booth area assigned with another exhibitor or a partial or complete handover of the booth to third parties shall be subject to written approval by TMS.

(2) The exhibitor hereby accepts that the location of the individual booths may have changed at the time the event commences compared to the location originally planned. Any compensation claims shall be excluded.

(3) Given justified reason, TMS shall be entitled without the approval of the exhibitor to relocate the booth even after this has already been assigned. This shall also apply to the relocation of entrances and exits, emergency exits as well as passages through and within a booth. This shall constitute neither any claims for compensation by the exhibitor nor the right of cancellation. TMS shall notify the exhibitor immediately of any changes concerning location, type and dimensions of the booth.

### 3.9 Exhibitor ID cards

Refer to "Special terms and conditions for participation".

### 3.10 Modifications/amendments

Any modification of or amendment to the agreement shall be in writing. In the event that it becomes necessary to relocate or postpone the event, the registration by the exhibitor shall remain valid for the new date and under the new conditions unless the exhibitor submits in writing his objection to TMS within two weeks after receiving notification from TMS.

### 3.11 Cancellation/termination/exclusion of exhibits

(1) After entering the agreement (section 3.2), the exhibitor shall not be entitled to cancel and/or terminate the agreement.

(2) The exhibitor shall pay the full price of participation even when only parts of the space rented is used or when the exhibitor does not participate in the event.

(3) In the event of non-participation or only partial use of the area on the part of the exhibitor, or in the cases contemplated by the provisions stated in section 3.4 (3), the exhibitor shall be obliged to pay the full price of participation and of any additional services ordered (100%).

(4) A reduction in the exhibitor's payment obligations shall only be possible when TMS is capable of renting the entire space to another exhibitor at the price agreed to with the original exhibitor, including all other services ordered, and when no space remains unrented at the exhibition/fair (use by way of exchange shall be excluded). In such case, the price of participation shall be reduced (booth rent and remuneration for additional services ordered) by 75%; however, at least EUR 400.00 shall be paid as damages. In the event of doubt, the exhibitor shall be obliged to prove that TMS failed to rent out the space in question even though this was possible. The exhibitor shall be entitled to furnish proof of lesser damage.

(5) TMS shall be entitled to terminate the agreement without notice if:

- the exhibitor fails to fulfil or wilfully violates his obligations as set forth in the agreement. In such case, TMS shall be entitled for forbid the erection of the booth and/or to order the clearance/closure of the booth.

- the exhibitor fails to fulfil his payment obligations in time (refer to item 3.4); in such a case, TMS shall be entitled to refuse access to the booth.

- if insolvency proceedings have been opened for the exhibitor's assets or if execution attempts against the exhibitor have failed,

- the booth is not visibly occupied on time, i.e. at least 24 hours before the event opens,

- the exhibitor changes his exhibition programme in such a manner that the exhibits can no longer be allocated to the industry for which the exhibitor has been approved, or

- the booth was assigned on the basis of false preconditions or facts or the preconditions for booth approval no longer exist.

(6) The obligation on the part of the exhibitor to pay the booth rent and the services additionally ordered (section 3.4) and to pay all services and costs initiated as a result of his registration shall remain applicable in such cases.

(7) TMS shall be entitled to demand that objects be removed which were not listed in the registration form or which prove to be annoying, dangerous or in any other manner unsuitable. In the event that the exhibitor fails to remove such objects as requested, TMS shall have such objects removed at the exhibitor's expense. In the event that the exhibitor refuses to allow such removal, TMS shall be entitled to terminate the agreement without notice (section 3.11 (5)). The exhibitor's payment obligations shall remain unaffected by such termination (section 3.11.(6)).

### 3.12 Reduction of booth space

(1) The provisions of section 3.11 of the General terms and conditions for participation shall apply accordingly if the exhibitor notifies TMS in writing following the entering into the agreement that he wishes to reduce his booth space. The exhibitor shall pay the full booth rent plus VAT at the statutory rate, even in the event that the exhibitor does not use the entire booth.

(2) The payment obligations of the exhibitor shall only be reduced when the preconditions stated in section 3.11 (4) heretofore apply.

### 3.13 Force majeure

(1) In the event that TMS is unable to hold the event for reasons for which neither the exhibitor nor the TMS are responsible, the claim for booth rent shall become void.

(2) However, TMS shall be entitled to bill the exhibitor for any work ordered to the amount of the costs actually incurred unless the exhibitor furnishes proof that the result of the work is of no interest for him.

(3) In the event that the event already underway cannot be properly continued due to force majeure, the exhibitor shall not be entitled to claim repayment or reduction of the booth rent.

#### 4. Technical / organisational terms and conditions for rent

##### 4.1 Regulative provisions

- (1) During the event, the exhibitor including his sub-contractors and similar agents shall observe on the entire fair grounds and exhibition premises the house rules of the hall operator and the rules and regulations issued by TMS. The instructions issued by representatives of TMS and the hall operator, who identify themselves by producing their works ID, shall be observed.
- (2) During the event, only vehicles which have an entry permit or parking ticket may enter the fair grounds. No entry permits shall be issued for mobile homes (exhibition vehicles). The unloading of vehicles during the event shall be completed in time before daily opening hours. The vehicles shall depart from the grounds immediately after unloading. Exhibitors and accompanying persons shall leave the halls within one hour after the daily closing time for visitors and all vehicles shall be removed from the grounds. Otherwise the hall operator's terms and conditions shall apply.
- (3) No animals shall be brought onto the fair grounds.
- (4) The display, posting or distribution of political information material, etc. shall be prohibited. Accordingly, the design and decoration of booths shall bear no political statements whatsoever.
- (5) The exhibitor undertakes to occupy his booth for the entire duration of the event and to man the booth with booth staff.
- (6) The dismantling of the booth shall not commence until the last day of the exhibition after the exhibition is over. In the event of a violation of the aforementioned provision, TMS shall be entitled to charge a penalty for breach of contract totalling EUR 3,000.00.

##### 4.2 Selling activities

- (1) Direct selling shall not be permitted at the event. This shall not apply if direct selling was separately applied for stating the products in question and if TMS has approved such application prior to the event commencing. The sale of products that conflict with the character of the fair shall not be permitted.
- (2) Catering booths shall be generally prohibited; in exceptional cases, the sale of national culinary specialties shall be possible subject to written approval by TMS. The exhibitor shall be notified by TMS in such approval of the special conditions to be fulfilled by the exhibitor; such approval shall be granted on condition that the exhibitor fulfils the requirements stipulated.
- (3) The exhibitor shall obtain and adhere to the commercial and health regulation permits and approvals (refer to section 4.6).

##### 4.3 Advertising / prize draws

- (1) The exhibitor shall only be entitled to implement advertising measures, in particular, the distribution of brochures and the approaching of visitors, within the booth area rented by him. The posting of walls and the floor outside the booth area rented shall be prohibited.
- (2) Only advertising on one's own behalf shall be permitted; advertising for third parties shall be prohibited. This shall also apply when such third party is the exhibitor's supplier.
- (3) Music and light displays of all kinds, as well as the operation of PA systems shall be subject to explicit approval by TMS and shall be registered before the event commences. Such approval, similar to the approval for presenting machines, acoustic devices or slide projectors, may be restricted or revoked in the interest of maintaining orderly event operations.
- (4) Raffles, prize draws, quizzes, etc. shall not be subject to payment or donation.
- (5) TMS shall be entitled to report both in word and image on the exhibitors' fair booths and exhibits and to use photographs in order to advertise the event.
- (6) Professional photography, filming and drawing within the premises shall be subject to TMS's written approval.

##### 4.4 Setting up, designing and equipping the booths

- (1) No partition walls are provided by the organiser at the exhibition spaces. Such walls shall be built by the exhibitor himself or by a suitable booth-construction company working on behalf of the exhibitor.
- (2) The outer appearance of the booths is a decisive factor for the success of the fair. The minimum booth design requires that all booth borders to neighbouring booths or unrented space be fitted with non-transparent booth walls, 2.5 m high, or similar design elements that are not transparent. In the event that such walls are not provided up to 18 hours before the fair commences, TMS shall order suitable partition walls to be fitted at the expense of the exhibitor.
- (3) The specified booth borders shall not be exceeded. Any exceeding of the specified set-up height of 2500 mm and the advertising structure height of 3500 mm (measured from the floor to the upper limit) shall only be permitted subject to explicit written approval by TMS. The height of partition walls facing neighbouring booths shall not exceed 2000 mm.
- (4) The booth shall be equipped and designed at the discretion of the exhibitor. In the event of independent booth set up, the exhibitor shall inform TMS or the hall operator of the company entrusted with the design and/or set up of the booth. Dimensional drawings in colour shall be submitted to TMS or the hall operator for approval at least seven weeks before booth set up is to begin (refer also to item 4.5).
- (5) The booth owner's name and address shall remain visible for all throughout the entire duration of the event; suitable marking shall be made.
- (6) All the materials used during set up shall be fire-resistant.
- (7) In the event of any violation of the aforesaid rules for design and equipping, TMS shall be entitled to demand the necessary modifications and, where necessary, the removal of the booth.
- (8) In the event that the exhibitor fails to comply with the written request by TMS within 24 hours, TMS shall be entitled to order the modification or removal of the booth at the expense of the exhibitor. In the event of the closure of the booth, the exhibitor shall pay the full rent and any costs incurred.
- (9) In the case of two-storey booths, 50% of the rent price for the floor space shall be charged for the usable floor space (1st floor). Two-storey booths shall only be approved with the mutual agreement of the fair management.
- (10) Otherwise, the hall operator's technical guidelines shall apply.

##### 4.5 Booth building permit

- (1) The exhibitor shall be obliged to submit an application for the erection of a fair booth for all exhibition areas. Such application shall be submitted to TMS or the hall operator following booth allocation and at least seven weeks before booth erection commences together with the following attachments:
    - Booth design plans (ground plans/views at a scale of 1:50)
    - Building description, material specifications, in two counterparts. Any documents that are not complete shall be returned to the applicant as unsuitable for examination.
  - (2) With regard to special booth structures – this normally involves two-storey booths – the application for a permit to erect a booth within the fair and exhibition halls shall be submitted in writing to TMS or the hall operator no later than seven weeks before building commences, together with the following documents:
    - Informal building application
    - Informal building description; particularly required are details of the system, the structure, fixtures and fittings, supply, material quality (e.g. fire protection class)
    - Building drawings, in particular, ground plans, cross-sections, views, usually at a scale of 1:50 with dimensions, and, when necessary, details shown at a smaller scale
    - Proof of booth safety (structural analysis) with position plans, when necessary, with test reports or any approvals available
- The descriptions and calculations shall be drafted in German and shall comply with the standards applicable in Germany. Any original applications, plans, descriptions and calculations shall be signed, stating the date, by the exhibitor and the author.

##### 4.6 Official approval, legal requirements

The exhibitor shall be basically responsible for obtaining any official approvals. He shall be responsible for ensuring that the GEMA requirements, as well as the commercial, police, health and any other legal requirements are observed, in particular, the German Equipment Safety Act.

##### 4.7 Setting up and dismantling

- (1) The exhibitor shall be obliged to adhere to the deadlines stipulated by TMS for the setting up and dismantling of the booth (refer to Special terms and conditions for participation, section 2).
- (2) In the event that 24 hours before the opening of the event it is found that the exhibitor has failed to start erecting his booth, TMS shall be entitled to assign the booth to other exhibitors or to use the booth in any other manner in the interest of the overall image. In such case, the exhibitor shall pay the full price of participation, including any additionally ordered services and any costs already incurred. Furthermore, the costs of decorating or using the booth that was not occupied shall be charged to the exhibitor. Any claims for damages by the exhibitor shall be excluded.
- (3) Any complaints concerning the location, type or size of the booth, which are not excluded pursuant to section 3.8 heretofore shall be submitted in writing before beginning to set up the booth and no later than on the day stipulated by TMS as the start of set up.
- (4) The booth shall be returned in its original condition no later than at the time stipulated by TMS as the deadline for dismantling of booths. Material, as well as carpet tape and residues of adhesives shall be fully removed without damaging the underlying surface. Otherwise, TMS shall be entitled to have this work performed at the exhibitor's expense. Further claims for damages reserved. Furthermore, the exhibitor shall be liable for damage to the floor, the walls and the material provided on a rent or loan basis.
- (5) TMS or the hall operator shall be entitled to remove at the exhibitor's expense any booths or exhibition goods which have not yet been dismantled or taken away by the deadline stipulated for the completion of dismantling and to have such objects stored with a shipping company without assuming any liability for loss or damage.

##### 4.8 Electricity, gas, water and sewage

- (1) In as far as utility connections are required, these can be found in the exhibitor service folder and ordered using the respective order forms. Utility fittings up to the booth connection shall be solely installed by companies approved by TMS or the hall operator.
- (2) The exhibitor shall be at liberty to install his own sinks, devices, fittings, etc. on condition that such fittings fulfil the applicable regulations. Water installations shall comply with all parts of the "Regulations and guidelines for the construction and operation of water supply systems" (DIN 1988). The connections within the area of the booth shall also be exclusively fitted by the TMS's or the hall operator's contract installation company. The costs of additional sanitary facilities, such as the provision of bathroom sinks, kitchen sinks, etc. as well as the assembly of the exhibitor's own equipment shall be charged directly to the exhibitor by TMS's or the hall operator's contract installation company.
- (3) TMS or the hall operator shall be entitled to remove or disconnect any connections and devices that fail to comply with the applicable regulations or when the consumption of such connections or devices is higher than registered.
- (4) The exhibitor shall be liable for any damages in conjunction with the use of non-registered connections or connections installed but not on behalf of TMS. TMS shall not be liable for any interruptions or fluctuations in the supply of gas, water or power.

##### 5. Surveillance

- (1) TMS shall be responsible for general hall surveillance without being liable for loss or damage.
- (2) The exhibitor himself shall be responsible for the supervision and surveillance of the booth. This shall also apply during set up and dismantling, before the event begins and after it is finished. TMS recommends that each exhibitor at his own expense order the booth security services of the security company responsible for the event. Such ordering of special security services shall be co-ordinated with TMS on time. The exhibitor shall not occupy the booth at night.

##### 6. Liability / insurance

- (1) TMS, including its legal representatives and agents, shall be liable exclusively for damages caused by intent or gross negligence. Liability for any damage resulting from slight negligence shall be excluded with the exception of injury to life and limb. Liability shall be limited to the foreseeable damage typically for such cases. TMS shall assume no liability for any damage caused/or to be caused by third parties or by way of force majeure.
- (2) The exhibitor shall be liable for any personal and material damage culpably caused by him, his legal representatives or agents. Liability shall, in particular, also include damage to roads, paths, tracks, entrances, gates, walls and floors on the fair grounds. The exhibitor shall be obliged to furnish proof to TMS that he has taken out liability insurance before occupying the booth at the exhibition/fair.
- (3) It is hence urgently recommended that all exhibitors insure at their own expense their fair and exhibition goods, all the items provided by them as well as their liability risk against fire, explosion, acts of Gods and piped water damage. Such insurance may also be taken out via a framework agreement entered into by TMS with a major insurance company (refer to the relevant form in the service folder).

##### 7. Cleaning

The exhibitor shall be responsible for the daily cleaning of the fair booth. Cleaning work shall be completed before the fair/exhibition opens to the public each day.

##### 8. Modifications and amendments

Any deviations from the contents of the agreement and from the General terms and conditions for participation and the Special terms and conditions for participation shall not be valid unless in writing.

##### 9. Miscellaneous provisions

- (1) The mutual rights and obligations under this contractual relationship and under the agreement shall be subject to the laws of the Federal Republic of Germany.
- (2) In the event that any provision of the General Terms and Conditions is invalid, the validity of the remaining provisions shall not be affected thereby. Such invalid provision shall be replaced by a provision that reflects the purpose of the original provision.

##### 10. Place of performance and jurisdiction

The exclusive place of jurisdiction between full-scale merchants for all disputes arising under this agreement shall be Amtsgericht Weinheim (Weinheim Local Court) or Landgericht Mannheim (Mannheim Regional Court) depending on the court having jurisdiction over the subject matter of the dispute.
